VERY IMPORTANT PLEASE READ CORONAVIRUS HELP FROM RICHMOND

Helping You – Helping Businesses

Working together to help everyone manage self-isolation and other difficulties that we shall experience over the coming weeks.

Whilst it can be hard to find what you want from the 'big' shops online, because they are being stretched to keep up with demand, many local businesses have the food, groceries and key supplies you will need.

There are butchers, bakers, fruit and veg, grocers, licensed grocers all able to help you with food.

Treats and gifts can also be ordered and delivered for Easter, birthdays or just to cheer you or somebody else up.

Other helpful contacts are at the foot of the list.

All our business owners and their staff are kind and willing to help you with your orders and a cheery word. Don't hesitate to phone or email.

As well as helping you now, this will also help keep Richmond businesses alive so that the shops and other businesses will still be there for you when this crisis is over.

**All of the following businesses offer delivery and/or postage
- phone or email with your order.
