How Harvest Moved On

I go out, as many times before, on this fine sunny morn
Climb into that great combine to gather the corn

Sat in this combine engrossed in my task
My bait wrapped in plastic, my tea in a flask
Alone, all alone, till the grain tank is full
Then alongside with me a tractor and trailer will pull
A touch on a lever and the grain spouts out
Emptied, thumbs up and it's gone without even a shout
It's one man to harvest another to lead
Eat on the scene, hardly time to feed
Ahead uncut crop, looking back I see more than rows of straw
My mind goes back seventy years and more
The binder tying sheaves, people making rows of stooks I have seen
Then forked onto carts, the stubble left clean.

Harvest home, when the last sheaf was placed on that skilfully built stack.
Thatched awaiting the threshing machine to make the straw into battens,
the grain into sacks

Combines guided by sensors electronically wired
And I think of that threshing machine and the hands it required:
Two forking sheaves from the stack

Two cutting bands and giving them loose for to feed to the drum
As each is devoured it gives rhythm to that high-speed hum
Two taking the straw stacking those tightly trussed battens
I as a boy raking chaff even if threshing day on a school day happened
Old Mat at the corn end looking after the bags
Two taking turns swinging them onto their backs
Avoid the big flat drive-belt, climb the granary steps and with an empty
sack return.

Toil, sweat and dust in the effort the granary to fill
It made a man hungry that old threshing mill
I eat my unplasticed sandwiches, drink my flask of stewed tea
Think of the days when part of a threshing gang I would be
At a word from the farmer, into the farmhouse we trooped
There was plenty to eat that the women had cooked
They'd boiled up potatoes, carrots and peas green
Roast meat, ample pudding, we left our plates clean
It did make us hungry that old threshing mill
But from the women in the farmhouse, we ate our fill
To this combine harvester I've progressed, nothing stands still
Old Mat is gone now and his old threshing mill.

And most of the workers I knew as a child
Reap the great harvest for which they have toiled
No more in the neighbourhood do I hear the distinct sound
Of that mighty threshing mill on its annual round
No more the workers that followed it at will
For it needed them all, that old threshing mill
All changed now, all gone from the scene
All replaced now by one man and his self-propelled harvesting machine
It makes me feel sad, I dream that I hear it still
For I loved the dear sound of that old threshing mill.

Douglas Anderson, Barningham

Thank you!

Callum and I would like to thank everyone who supported us for our July Mighty Hike for Macmillan. We raised over £3,000 for this amazing cause. It was a wet and wild day but totally worth it! We are thinking of taking on this challenge again next year, so if anyone is interested in a 13- or 26-mile hike for a fantastic cause please let me know. All fitness levels welcome. We can train and get to know each other along the way... email me for more information:

MORE HEDGEHOGS

Dear Editor [*read 'everyone' (Ed.)*],
We have lived in Whorlton for ten months. In that time eight hedgehogs have been killed on a 50 metre stretch of Westwick Road in Whorlton village, two in the past two days.

Hedgehogs are classified as vulnerable to extinction on the Red List for British Mammals. If we drive more slowly and look out for these small nocturnal creatures crossing our roads after dark, we might help reduce their decline.

Please drive more carefully and look out for them.

Alison Boddy, Whorlton

[...and it's incredible how many inconsiderate and ignorant people speed through villages – they would say 'I wasn't doing 30!' – but that just illustrates the lack of consideration... (Ed.)]

- **Car insurance 'ghost brokers':** fraud typically carried out by forging insurance documents, falsifying your details to bring the price down or by taking out a genuine policy for you but cancelling it soon after.
- **Social media:** you should always be cautious about including any of the following information: name; address; phone number; email address; education/employment information; photos that show your home and any valuables; date of birth; status updates/comments that state when you are not at home, on holiday, what expensive items you have recently bought, etc. Be wary of 'friends of friends' who may use this information to access your accounts.
- **Stalking:** remember F.O.U.R.: if someone's behaviour towards you is fixated, obsessive, unwanted and repeated, it's likely they are stalking you.

Richmond Police Rural Team: contacts PCSO 4303 Felicity Wilkinson or PCSO 3651 Connor Mattison: Felicity.wilkinson@northyorkshire.pnn.police.uk; Connor.mattison@northyorkshire.pnn.police.uk

Border Watch: Over the past month we have been experiencing an increase in reports of poaching on rural farm land, this is most commonly reported through our Border watch volunteers. Historically as the evenings start to get darker poaching activity increases having a detrimental effect on both the local rural community and the wildlife in the area. We ask Landowners who witness this illegal activity to obtain as much information as possible including details of vehicles without compromising their own safety.

REPLACEMENT OF WHORLTON TELEPHONE BOX

You may recollect the questionnaire in previous issue of The Flyer regarding the proposed replacement of the existing, "modern", unsightly telephone box with a traditional red telephone box, K6 style, which would be so much more appropriate and visually pleasing for the Whorlton Conservation Area.

Whilst the responses were not numerous, the majority of respondents were in favour and some suggested a variety of new uses and some offered a financial contribution towards the costs.

The Parish Council has received an offer of an up to £1000 contribution towards the costs from the Whorlton Village Community Association and the two County Councillors representing our Ward have also promised to contribute from their budgets.

However, both contributors have requested that the WWPC raises further funds by "crowd funding" from local individuals and businesses and I wonder if you would be prepared to support this worthwhile project, so long overdue.

I look forward to your positive response. Please make out your cheque to the Whorlton and Westwick Parish Council c/o the Parish Clerk or myself.

George Stastny, WWPC chairman

News on what's been happening:

AGM: held Tuesday 10 Aug. The Chair's Report was a resume of what has been going on from March 2021. The Treasurer's report presented accounts for the half-year to 30 June. We have been very fortunate to receive several Covid-19 grants, which have allowed us to continue to invest in improvements, the most significant being improvements from the Fire Risk Assessment review, new water heater installation and more user-friendly door handles.

Committee: Alison Brooks (Chair), Dave Matthewman (Treasurer), Sue Farr (Secretary), Ben Lamb, Pam Sheard, Fiona Parker and Susan Stanwix. A good number of attendees volunteered to be "friends of the hall", lending a helping hand when needed. Many locals already help out regularly and this is valued greatly. If you like to be added to the list of friends to be called upon, but couldn't get to the AGM, please contact Alison Brooks: 07751 120424 or alison@rcdalton.co.uk

Strawberry Fayre: our first community event 25 July. Perfect weather to enjoy a summer celebration and socialising outside, whilst raising some income for the Hall.

YCA: members enjoyed lunch together on 4 August and planned the restart of regular meetings from September (see front page). We hope to welcome other regular groups back to the hall soon.

Annual Village Show: exhibits were a stunning sight on 21 August. Thank you to all who entered and those who gave up their time to make it all happen. Amazingly, the rain stopped for two hours midday for a good crowd to enjoy the BBQ and meeting up with friends old and new.
