HERE WE ARE...

...in a New Year, with COVID-19 rampant, hospitals in crisis, NHS and its staff close to breaking point, not to mention others, and a chaotic import & export situation – an Enquiry will no doubt ensue ☹️. *Meanwhile* vaccinations are now in progress and Spring is approaching, so be safe, stay safe ☺️.

Feedback (after one year) on print size (so much to fit in!) Let's see if we can't stretch it.. (Ed.)

ELECTRICITY – LOCAL?

Dear Ed,

We had an interesting virtual meeting with our MP, Dehenna Davison, on Friday, attended by about 20 people from across the constituency. The aim of the meeting was to seek her support for the Local Electricity Bill, a private member's bill introduced by Peter Aldous, a Conservative MP. The bill seeks reform of the electricity supply regulatory system to reduce costs for small generators to supply electricity directly. Under the present system, the cost of becoming an electricity supplier is grossly disproportionate to small generators.

Currently, less than 0.5% of UK electricity is generated by community groups. If enacted, the proposed bill would give community-scale renewable energy a massive boost, helping the government achieve its goal for decarbonising electricity supply and providing a valuable source of additional income to the communities where it is produced. All this at no cost to the government and without significantly impacting on large-scale generating businesses.

The bill already has good cross-party support from 229 MPs but will need the support of around 400 MPs to ensure its passage into law. Neither of the MPs serving the Flyer distribution area support the bill at present; however, if their constituents express an interest, it should be easy to gain their support for a bill that will benefit everyone.

As we hope that other local communities will follow in the footsteps of Barningham, this bill should be of interest to all. Take 5 minutes to drop a note to your MP asking for their support! Further information can be found at Power for People

LETTERS

The Light at the End of the Tunnel

Don't venture out undaunted,
Wear the mask, keep social distance,
Wash hands often as wanted—
To give catching and spreading the virus less chance.

There's light at the end
Of the tunnel; is it long and straight?
NHS workers will help us round any bend
While for that vaccine we wait.
And when no longer endemic, virus gone
From that dark tunnel we emerge into light
Doctors', nurses' and carers' dedication made sure the
light we share.

Spring is coming, flowers blossom, green grass
Out of the tunnel may there ever be light.

Douglas Anderson, Barningham

THANKS FROM WHASHTON

A big thank you to Mike and Martha for hosting a web session with the Whashton Parish Meeting Committee about the Barningham Net Zero project. WHORLTON NOTICES

Whorlton Events - You Make Them Happen!

St Nicholas Day was celebrated in style on Whorlton Village Green thanks to all those village volunteers who swung into action: Jonathan for gifting the huge Christmas Tree, Fred and Matthew for arranging the lights and all those who brought firepits, mulled wine, mince pies and Christmas Carols, who brought some much needed light into the darkest of winters, as did the tree throughout the festive season. Thanks also to the Wilkinsons who brave all weathers to clear litter from our highways and byways.

Volunteers: If you would like to sometimes be part of a team to make things happen, then let me know and we will give you a call when the time comes. Typical events are: Open Gardens Day, Bonfire Night, Village Day and the Outdoor Theatre. We have no 2021 dates, as yet, but we live in hope! For more information about the Whorlton Village Community Association and volunteering in the village please contact Mary Stastny, 01833 627419 or email cul_stastny@hotmail.com

Whorlton Swing Bridge – encouraging news: all planned works need to be approved firstly by the Secretary of State for Digital, Culture, Media and Sport in order to get Scheduled Monument Consent and then by Historic England. DCC say they are working "at pace to draw up the required documents". See the DCC website: www.durham.gov.uk/whorltonbridge.

I wrote as Chair of WVCA to Historic England, whom replied: "The first thing to say is that we fully understand the frustration caused by the current bridge closure. Whorlton Suspension Bridge is a beautiful example of an early suspension bridge—one that serves a vital transport purpose for both local people and visitors to the area. This is why Historic England is committed to working with Durham County Council (DCC) to look for a solution to the issues with the bridge which is both respectful of its significance and allows DCC to reopen the bridge as quickly as possible."

Welcome to Neil and Joanne Davy, who have moved into Westwick. Mary Stastny
